## Editor's Notes

It's hard to believe that it's September already; where did the summer go? The days are getting shorter, and cooler temperatures are a welcome change. It's a great time to start making plans for your next RV get-a-way.

Check-out our Campground Highlight that welcomes two new campgrounds, Page 6 & 7. Be sure to visit Eagle Ford Estates RV Park in San Antonio, TX and Lake Heron Retreat in Liverpool, PA. On Page 8, Barbara Oliver shares with us those little hidden gems that can be found just about everywhere in this big country of ours, whether you are a seasoned traveler or just starting out.

Orange Pineapple Cake, page

11, is one of my very favorite desserts! It is topped with delicious, fluffy whipped pineapple vanilla pudding frost ... so moist, light and refreshing.

Fort Davis, strategically located, is one of the best surviving examples of an Indian Wars Military Post, in the defense system of western Texas from 1854 to 1891, read more from Barbara Oliver on page 16.

The holidays will soon be upon us. If you are attempting to find the perfect gift for a special person or persons in your life, you've found that gift here at Passport America. This holiday season, give the

gift of 50% savings at nearly 1600 quality campgrounds and fine resorts found nationwide. Give the gift of a Passport America membership; visit [www.passportamerica.com](http://www.passportamerica.com) for more information.

As the air changes and we experience the smells and soft breezes of fall, and leaves begin to drift to the ground, we, at Passport America, wish you safe and happy travels. Remember — we care about you, and, because of you, we are always happy to serve you.

Happy travels,

*April Fillingim*

**P**etoskey RV Resort in Petoskey, MI is a beautiful park! Clean, grassy and cemented lots. Nice new, clean bathrooms. Beautiful swimming pool, and clubhouse. I highly recommend this park!!

- **Linda Lankhwet**

Creekfire RV Resort and Campground, in Savannah, GA, is quite a remarkable campground. Conveniently located near I-95 near Savannah. Well worth working out your travel schedule to fit the Passport America requirements (two-night stay, Sun-Thurs). Friendly staff. Easy in, easy out. Gated grounds (safe) Escorted to site by very helpful, friendly staff (Virgil). Beautifully maintained, landscaped. Nice clubhouse and amenities. Beautiful path for walking, running, biking around lake. Appears that they're expanding their size to nearly double. No signs of longtermers which can detract from the beauty of an RV resort. Feel very fortunate to be able to utilize under PA membership. A great value. Hope we can continue using this campground in future years.

- **Rick Martin**

Schuster RV Park, LLC, New Rockford, ND, is one of the best little campgrounds we ever stayed at. Jean and John are lovely hosts, and they are so generous with their bounty. Jean allowed us to pick some of her fresh vegetables from her

garden, and we got such a thrill being able to feed the cows. We enjoyed talking to them and getting to know the whole town. It was one of the most pleasant stays we ever had and we highly recommend staying here for everyone!

- **Nancy Mantelli**

We recently bought a 24' class A rig and wanted to take it out for a short shakedown trip. Buttonwood Bay RV Resort, A Sun RV Resort in Sebring, FL is just a 1-hour drive for us so we thought it would be a good trial. The rig was great, we learned a couple things we'll want to do differently on the next trip, but nothing major. The park was fantastic! EWS at the site, so hookup was a cinch. The drive for a site had a slight incline so we had to back in at an angle, but no big deal. Nice pool right near the site and an enjoyable nature walk trail. Would definitely come here again. Would make for a nice week long getaway stay. Everyone was friendly, the staff was super nice and accommodating. Good notification about covid-19 Precautions.

- **Mike Reardon**

We are staying at the OK RV Park & Canyonland Stables in Moab, Utah. We were very impressed from the time we arrived. Very clean, large spaces with trees and an outstanding

view of the mountains. This is the BEST campground we have stayed at. So glad they are a Passport America member.

- **Steve Gordon**

Hands down our favorite place we have stayed is Wagon Master RV Park & Alpaca Farm in Sanger, Texas. Not only are the alpacas a fun attraction for children and adults alike but the amenities were plentiful. Nice, clean laundry facilities which are part of a common area complete with pristine bathrooms/showers, tv, couches, and more. Two fenced in dog areas, a pool, spacious sites, and great scenery. The owners were friendly and make you feel welcome. The site was completely level, the alpaca feeding was a must and the list goes on. Do not miss this place!

**Dillon Mckee**

Enchanted Trails RV Park & Trading Post in Albuquerque, NM is a charming park right off of I-40. They currently offer contactless check-in. They have easy to hook-up and pull through sites. They are dog friendly with a nice area to walk dogs and sweeping views. The antique cars and RVs are a cool attraction. We have stayed there twice and will stay there again!

- **Teresa Mccullough**

Lake Heron is a hidden paradise in Perry County which consists of 240 acres of woodland and a 10-acre lake. Families return year after year to enjoy camping, fishing, swimming, and hiking. The lake provides excellent fishing for Largemouth Bass, Channel Catfish, Yellow Perch, and Bluegills.

Enjoy fresh air and get exercise while enjoying the beauty of God's creation. Discover and learn with your kids. Adults can hike through the woods, then go swimming to cool off or take a canoe ride around the lake, ending with a nap in a hammock. Kids love fishing because they don't have to wait long for a bite on their hook. Kids also love swimming, boating, hiking, and gathering firewood to build a campfire to roast hot dogs and toast marshmallows.

Experience the beauty of God's creation, build relationships with family and meet new friends. Relax, reflect, rest at Lake Heron Retreat.

## Little Hidden Gems ...

Text by Barbara Oliver

Photos by Mike & Barbara Oliver & Del Dunford

*T*hose little hidden gems can be found just about everywhere in this big country of ours, whether you are a seasoned traveler or just starting out. You just need to take that road less traveled, check out that little dot on the map or find it on the Internet. It's out there... just waiting for you.

The Wells Fargo Museum in uptown Charlotte, North Carolina

was just such a place for us. We didn't know that they even had museums, with Charlotte just being one of them. We opted for the free, self-guided tour although you can take a guided tour with reservations.

The museum highlights the colorful history of Wells Fargo and Company including the origin of Wachovia Bank and the gold mining era in North

Carolina. The main attraction for the museum is the rare Concord stagecoach built in the mid-19<sup>th</sup> century. Being a hands-on museum, step into a replica of the stagecoach and step back into time. Other exhibits include a 1960s simulated drive-up teller, a working telegraph and an 1889 reproduction of a Wachovia Bank branch, gold nuggets, rare coins and paper money. A small gift shop offers Wells Fargo related gifts. Open Tues.-Sat./9 to 5. More information [wfmuseum.cit@wellsfargo.com](http://wfmuseum.cit@wellsfargo.com)

Did you ever wonder where the cranberry got its name? Did you know that the cranberry is one of only three fruits native to North America? Did you know that there are more than 1,000 cranberry products on today's market? And did you know that two-thirds of the 500-million pounds of cranberries that Americans consume is produced in Wisconsin? The answers to these questions can be found at the Cranberry Discovery Center located at the historic Union Cranberry Warehouse in Warrens, Wisconsin.

Upstairs the gift shop/store

**Cranberry Discovery**

offers samples of the many different flavors of cranberries, reasonable prices on cranberry treats, gift items and souvenirs plus an ice cream parlor.

The lower level of the Center features a free museum, which takes you back into the history of the cranberry. There are many exhibits, work areas, equipment and a short film about the industry. We learned that the man-made and natural wetlands of the cranberry marshes are abundant with many kinds of wildlife and birds and can even provide some good fishing. Also that the marshes are flooded three times a year. First in the spring to protect from the cold temperatures and some insects. In the fall for harvest and lastly in the winter to form a thick layer of ice to protect the vines from the frigid Wisconsin winters.

Did you know that cranberry blossoms need to be pollinated to produce fruit and that honeybees will travel 1 to 2 miles from their

hives to gather nectar? Or that on a good day, a worker bee will pollinate more than 2,000 cranberry blossoms? Lots of questions and answers but a very educational visit on our part.

In August of 2006 the

movie called RV, starring Robin Williams, was released in theaters. More than likely, most of you have seen it and if so, you will remember the 1948 red and white Flexible bus that the family rented for a cross country road trip. These old Flexible buses are a real American treasure and the one used in the movie is the prize exhibit at Jack Sisemore Traveland RV Museum found in Amarillo, Texas.

Missouri. That museum and aquarium are a must see when in the Springfield area but the Portraits of Courage display was a much added feature I am glad we got to see.

Walking through the exhibit was not only an eye opener into the lives of these young men and woman but of the reverent feeling reaching out to us from their faces and the care and love that George Bush put into each painting.

If this exhibit happens to be in a city near you, I would encourage you to take the time to visit it. President Bush, thank you for a job well done!

**Author's note:** During the Corona virus situation, you might want to check out these "hidden gems" beforehand to make sure they are open and available.

This 6,000 square-foot building houses a most unusual and unique array of RVs, many in the same condition they were found and some restored. The world's oldest, 1935 Torpedo Airstream makes its home here along with a 1918 Harley Davidson motorcycle and a 1930s gas station. Exhibits rotate frequently.

This free museum was opened in 1988 for the purpose of "sharing with the people". For more information [www.rvmuseum.net](http://www.rvmuseum.net)

Sometime ago, on the news, mention was made about former President George W. Bush's photo exhibit...Portraits of Courage, being on display at the Kennedy Center in Washington D C. We had the chance to view these oil paintings on temporary display at the Johnny Morris' Wonders of Wildlife National Museum and Aquarium, adjacent to the Bass Pro Shops National headquarters in Springfield,

## Thankful

When Mrs. Klein told her first graders to draw a picture of something for which they were thankful, she thought how little these children, who lived in a deteriorating neighborhood, actually had to be thankful for. She knew that most of the class would draw pictures of turkeys or of bountifully laden Thanksgiving tables. That was what they believed was expected of them.

What took Mrs. Klein aback was Douglas's picture. Douglas was so forlorn and likely to be found close in her shadow as they went outside for recess. Douglas's drawing was simply this:

A hand, obviously, but whose hand? The class was captivated by his image. "I think it must be the hand of God that brings us food," said one student.

"A farmer," said another, "because they grow the turkeys."

"It looks more like a policeman, and they protect us." "I think," said Lavinia, who was always so serious, "that it is supposed to be all the hands that help us, but Douglas could only draw one of them."

Mrs. Klein had almost forgotten Douglas in her pleasure at finding the class so responsive. When she had the others at work on another project, she bent over his desk and asked whose hand it was.

Douglas mumbled, "It's yours, Teacher."

Then Mrs. Klein recalled that she had taken Douglas by the hand from time to time; she often did that with the children. But that it should have meant so much to Douglas ...

Perhaps, she reflected, this was her Thanksgiving, and everybody's Thanksgiving—not the material things given unto us, but the small ways that we give something to others.

## Exploring Fort Davis

Text & Photos by Barbara Oliver

It was established on the eastern side of the Davis Mountains, in a box canyon near the Limpia Creek. Wood, water and grass were plentiful and it consisted of primitive wooden structures. It was regarded as one of the most pleasant post in the West. The officers and enlisted men maintained a respectable spirit and they left a proud record of accomplishments.

Fort Davis, strategically located,

is one of the best surviving examples of an Indian Wars military post, in the defense system of western Texas from 1854 to 1891. Troops were stationed at the post to protect emigrants, freight wagons, mail coaches and travelers who hoped to reach the gold fields of California while traveling on the Trans-Pecos portion of the San Antonio-El Paso Road and the Chihuahua Trail.

Fort Davis, at an elevation of 4,900 feet and covering 523 acres, became a national historic site in 1963 and through the efforts of the National Park Service, a continuing program of restoration and preservation have managed to save many of the original structures although some of the foundations and ruins remain fragile.

The visitor center, which is located in what was originally

**Ft. Davis**

the enlisted men's barracks, should be your first stop. Next door is a museum and auditorium which offers an orientation video. From there, you can tour the historic site on your own and at your leisure. Allow one to two hours.

In the past, Fort Davis's primary role was safeguarding the west Texas frontier and today the role is to strive to make their facilities accessible to all and helping to preserve Fort Davis for future generations....

Author's note: Check to make sure the site is open during the COVID-19 pandemic. [Info/ www.nps.gov/foda](https://www.nps.gov/foda)

## Product Highlights

### RV BY LIFE MAKES CLEANING STAINLESS STEEL FAST AND EASY

Stainless steel is an ideal metal to use on an RV, but it's not maintenance-free; it requires regular cleaning to protect it and retain its deep shine. Stainless Steel Cleaner from RV by LIFE is the fast and easy way to keep grills, sinks, ovens and fittings looking their best while increasing their longevity.

Inside or out, RV by LIFE Stainless Steel Cleaner removes dirt, haze, grease, stains and built-up residue. It's an easy-to-use spray-on, wipe-off formula. Non-streaking, it provides a protective barrier that's resistant to fingerprints. Made in the USA, it safeguards the metal against corrosion and long term staining.

### WATER SPOTS? NOT ON SHURHOLD'S WATCH

After washing or a sudden downpour, it's important to remove water droplets from an RV before they harden into unsightly mineral deposits. Using towels is slow, requires constant wringing and usually smears the finish instead of fully drying it. The SHUR-Dry Flexible Water Blade is different. Exclusive to Shurhold, the innovative tool quickly sheets water away to leave a spot-free shine, without backbreaking labor.

The SHUR-Dry Flexible Water Blade is a uniquely-shaped 12" piece of pure silicone mounted into an ergonomic handle. Soft and gentle, it won't mar paint, fiberglass, vinyl, glass or mirrors. Highly elastic, it easily molds to convex and concave shapes to strip the water off the surface.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
